**7 Questions To Ask a Psychic (And the #1 Question to Avoid at ALL Costs)**

Thinking about getting a psychic reading? Not sure what the protocol, or the process is, or what the best way to prepare for your reading may be?

One of the first things people ask me whenever they are planning or preparing for a psychic reading is **WHAT should I ask?**

No matter how excited you may be about getting a reading, or no matter what issues are most pressing or problematic or feel most urgent in your life, the chances are... you are probably still a bit uncertain about how to start a reading with questions, especially if it's someone you're speaking to for the very first time.

Believe me when I tell you... there is nothing worse than having an interesting, insightful, enlightening, inspiring and profoundly powerful experience with a genuine intuitive, only to realize **AFTER** the fact that you didn't ask questions that were important for you to know going in.
